COMMERCIAL INTELLIGENCE

THURSDAY EVENING, APRIL 29.

Consols according to Reuter gave way ⅛th yesterday, and are quoted at £99. Rentes advanced ⅛ to Fcs. 119½. In Indian Government Securities Four per cents. were unchanged at 78¾. Fours-and-a-half were ¼ dearer and quoted at 85. The market rate of discount for 4 months' sight Indian Bills was still quoted equal to the Bank rate.

In the London General Produce Markets yesterday Mid-Plantation Ceylon Coffee was 1s. per cwt. lower at 91s. per cwt., but Good Ordinary Native Ceylon and Mysore were still quoted at 66s. and 71s. per cwt. Cocoanut Oil was unchanged. In Oilseeds, Linseed was firm at an advance of 6d. per quarter in Calcutta description to arrive.

Prices for metals were all as last quoted. The market for Piece Goods in Manchester was still reported to be dull,—as also was that for Cotton in Liverpool, where the day's sales amounted to 7,000 bales, of which 500 bales were Surat. Quotations on the spot were unchanged, but Americans for forward delivery were again lower, L. M. Uplands for the present month being quoted at 6 13-16d. per lb., whilst August-September deliveries were ¼ lower than on Tuesday, being quoted at 6 27-32d. per lb.

The New York telegrams of yesterday's date still quote Mid. Uplands at 11 13-16 cents. per lb., but Futures for July delivery are now quoted at 11·92 an advance of ·02 cents. per lb. in the previous day's quotation. The receipts at the U. S. ports to date compare with those of the past two seasons as follows, viz. :—

	1880.	1879.	1878.
Wednesday's Receipts.....	5,000	3,400	4,100
Five days' Receipts	23,000	13,200	21,300
Total since 1st Sept.....	4,618,600	4,395,200	4,071,300

Bar Silver in London yesterday was still quoted at 51 15-16d. per oz. Shipments for the metal are advised to the extent of £20,000 to this port and £30,000 to Calcutta, and £20,000 of Gold to Bombay and a similar amount to Calcutta.

At the usual weekly biddings for Council drafts in London yesterday the full amount of 40 lacs offered was allotted, the minumum rate of allotment being 1s. 7½d. per rupee. The average rate on Calcutta was 1s. 7·90d., and in Bombay 1s. 7·89d. per rupee. The amounts alloted were £322,000 to Calcutta, £6,000 to Madras, and £72,000 to Bombay. For next week the amount to be offered is reduced to 35 lacs.

Sterling Exchange opened here this morning very strong at fully 1-16th advance on our yesterday's closing quotations, the main source of strength being the reduced amount of Council Bills to be offered next week, and the reported continuance of the China demand for silver at home. Calcutta telegrams report the market there very strong at our quotations, and there as well as here telegraphic transfers are quoted at 1s. 8d. per rupee, an exceptional rate arising from a large sale this morning from one bank to another which, however, has not affected the other banks buying rates, and which have not altered since the morning :—

Bank Bills, on demand .....1s. 8d.		per Rs.
Do. 3 months' sight 1s. 8 1.32d.		"
Credits, 3 do. ...1s. 8 7-32d.		"
Documents, 3 do. ...1s. 8 9-32d.		"
France 3 do. 2·18⅛		"

On Calcutta rates are unchanged at Rs. 99 15-16 for demand drafts, and Rs. 99 for 60 days' sight bills.

Government Paper is quiet at Rs. 95 to Rs. 95 1-8 for Fours and Rs. 102½ for Fours-and-a-half.

Shares.—The market keeps fairly steady without any very material changes in quotations. In Spinning and Weaving Companies Morarjees have advanced Rs. 15, New Great Eastern Rs. 5, and Sholapore Rs. 10. In Miscellaneous Shares Bombay Burmah Trading Companies have advanced to Rs. 1,910 and Treacher and Co. to Rs. 770 per share.

Cotton has shown increased signs of weakness to-day, and prices have further given way Rs. 2 to Rs. 3 per candy. Purchases for April shipment being completed, there is little, if anything, to prevent a further material decline. Advices from home continue most unfavourable, and arrivals in this market are still on a very large scale. Yesterday's Receipts from up-country amounted to 14,424 bales, making a total for 5 days of 54,225 bales. We quote.

Good M. G. Broach.....Rs.	229	per candy	F. P.	Ready.
" " ..... "	228	"	"	May dely.
" Oomrawuttee..... "	215	"	"	Ready.
" Dholleral ..... "	218	"	"	"
" " ..... "	217	"	"	May dely.
F. G. F. " ..... "	207	"	"	"
G. F. Compt's. ..... "	194	"	"	"

In **Linseed** there is no change to report, the market keeps steady at Rs. 6-3 to Rs. 6-4 per cwt.

For **Rapeseed** there is some little enquiry for ready Guzerat at Rs. 5-12 per cwt.

Wheat is unchanged at Rs. 34 per candy for White and Rs. 30 to Rs. 31 per candy for Hard Red.

Freights are practically unchanged. Our shippers show less inclination to make forward engagements excepting at lower rates. For Liverpool the quotation via Canal for ready shipment is 40s. to 41s. 3d. per ton and via Cape rates are offering at 38s. 9d. per ton. For the Continent we quote 45s. per ton for Haver, 42s. 9d. per ton for Marseilles, and 52s. 6d. per ton (freight paid here at par) for Trieste and Venice.

Imports.—The markets for both Piece Goods of Yarns continue very quiet, and for Copper prices are again lower, the rate in the bazaar being now Rs. 47-8 per cwt.

LATEST INTELLIGENCE.

REPORTED VICTORY BY GENERAL ROSS'S FORCE.

COMMUNICATIONS INTERRUPTED.

(FROM OUR SPECIAL CORRESPONDENT.)

KABUL, APRIL 28.

Native messenger has come in and reports that General Ross was attacked on the 25th Sunday) by an enormous force of Logaris, Wardaks and other tribesmen.

The fighting was very severe and lasted a long time. All the troops were engaged, and when the enemy was finally driven off he left on the field twelve hundred killed.

The enemy was commanded by Abdul Guffoor.

Nothing is known as to our casualties, as all communications are stopped for the moment between General Ross and Kabul. The story is generally believed.

(FROM OUR OWN CORRESPONDENT.)

GREAT EXCITEMENT AMONG THE TRIBES.

ALLAHABAD, APRIL 29.

When the news of the action of the 26th reach ed Argandeh every man turned out armed, and possession was taken of Kotal-i-Takht while messengers were sent to gather together the people of Maidan. When the result of the fight was known the men dispersed, but have been restless since and many have sent their families away, buried their treasure, and made preparations for renewed fighting.

It is believed that the tribes adjoining Khurd Kabul are combining with the view of attacking some of our outposts on the line of communication.

General Arbuthnot's moveable column is in consequence to be concentrated at Jagdalak. There is no doubt that great and increasing excitement exists among various sections of tribes about Kabul, and this is due to the movements of our troops at Ghazni and the absence of General Ross' force from Kabul.

A patrol of Guides was fired upon near Nama Khan Wotal on the Kohistan road, eight miles north of Sherpur. Some 800 men were scattered about the country on the other side of Kotal, but whether they were Kohistanis or Safis returning to Taga is not known.

Mir Butcha continues sending in word of his approaching visit to Sherpur as a friend, but his intentions are really unknown.

CORRESPONDENT of the *Pioneer* writes that Sir es Fergusson's eldest daughter, now in her year, has just (a few days before the last mail engaged to be married to Mr. Baird, a on of the late Mr. Baird, of Rosemount, who was one of a family who made es as iron masters at Gartsherrie and . It was thought that the marriage e taken place in India, as there was so fore Sir James was to leave.

ence of the recent discovery of the of the River Oxus as far as the er, the Russian Government has e the Aral flotilla to the same rank s and Baltic Fleets, and to largely al station at Fort Kazala.

It is said that the Statistical Branch in connection with the Financial Department of the Bengal Secretariat has, by a recent resolution of Sir Ashley Eden, been made a permanent portion of the office from the commencement of the current official year.

THE London correspondent of the *Civil and Military Gazette* gives quite an appaling description of Lord Beaconsfield's personal appearance. He describes his Lordship as "looking more like a galvanised mummy than a living man. There is something absolutely unearthly in the late Premier's face, with its cadaverous hue and deeply furrowed lines, while his tottering gait gives one the idea of his legs being moved by rusty springs."

MR. F. WILSON, better known as "The Mountaineer," the well known *shekari* who has resided in the Himalayas for upwards of fifty years, is at last about to go, with his two sons, to England. The Volunteers at Masuri gave him a farewell dinner on the 21st instant.

THE recent shooting excursion of the Maharajah of Durbhanga has been a tremendous success, if the *Hindu Patriot* is to be believed. The party bagged six tigers, thirty-one buffaloes, one hundred and four pigs, and two hundred and thirty-two deer!

THE Government of India has ruled that contracts and other instruments in matters connected with the lease or sale of land in Bengal may be executed by Collectors of districts and Deputy Commissioners.

REPORTS from Nepal, dated Khatmandu, April 13, state that agricultural prospects are good. There is cholera, however, in Khatmandu, owing to the heavy influx of pilgrims.

A CORRESPONDENT, writing from Mhow, informs a Calcutta contemporary that at a village named Pitampore, a Bunnia had a dream, in which a *pir* appeared before him, and mentioned to him a mosque where lay concealed enormous wealth in gold and silver, underground. The particulars of this dream having been mentioned to Scindia's officials, they readily accorded their permission to dig up the place. Scores of labourers have accordingly been engaged in digging the ground under the supervision of Scindia's Ser Suba. Streams of people are continually rushing on to see the realization of the Bunnia's golden dream. Even Sir Henry Daly and Maharajah Holkar have not failed to visit the spot.

THE *Pioneer* remarks that the bestowal on Lord Cranbrook of the Grand Cross of the Star of India is a measure which is not only unusual, but for many reasons open to adverse comment. The honours of the Star of India were designed, and should undoubtedly be reserved, for persons who have done distinguished service in this country. These honours are limited in their number, at all events in the upper grades; though whether this were the case or not, it is desirable, in the case of all honours, to avoid their undue multiplication. And certainly the Star of India would mean less as a decoration at home, if it comes to be procurable by a little easy service in political departments connected with India in London.

THE *Kandahar News* of the 16th April has the following :—At yesterday's meeting of the residents of Kandahar, which was numerously attended, it was proposed by Colonel Griffiths, and seconded by Major Caldecott, "That a cricket club be formed to be called the Kandahar Cricket Club." Proposed by Col. Edwardes, seconded by Major Burnet, "That Mr. Ketsell be requested to act as hon. secretary to the club. Proposed by Captain Law, and seconded by Mr. Hamilton", "That the affairs of the club be managed by a committee composed of representatives—two from the fort, and three from the camp." Proposed by Mr. Plant, and seconded by Capt. Lockie, "That gentlemen elected members of the club pay a donation of Rs. 12 and a monthly subscription of Rs. 2," Proposed by the Rev. A. G. Cane, and seconded by Major French, "That members of the last Kandahar Cricket Club be admitted without a donation." All the resolutions were carried. Colonel Edwardes and Major Caldecott consented to represent the fort on the committee, and Captain Law, Mr. Rayner, and Mr. Porter the camp. The meeting broke up with a request to the honorary secretary to arrange a good match at an early date.

AN Indian correspondent sends the *World* the following curious story :—"A young fellow came to India about a year ago as tutor to a young native rajah, who, after some months, died or gave over learning. Young C. offered himself as a special to an Indian newspaper, and they sent him up to the front, where he did fairly well. But suddenly the letters ceased, and the doctor of a military hospital wrote to say that young C. was a patient of his, down with *delirium tremens*. This was a surprise to the proprietors, for among the youth's testimonials was one from the Bishop of Calcutta; and his father, a clergyman, wrote in high terms of his son's morals. Soon came another letter saying the youngster had made a good recovery, and was on his way down to Lahore. The doctor goes on to say he fears he did the young man a wrong in saying it was merely *delirium tremens*, and so conveying an impression that he was a drunkard. Delirious and mad he certainly was for a time; but it was only for a time, and it came on thus. He received a letter, saying that he and his brother had inherited a fortune of 60,000*l.* a year. He could not realise this, and it excited him; so that, being a little seedy, he lost appetite entirely, and took brandy as a stimulant, and, being unaccustomed to it, produced at once *d.t.*"

THE *Saturday Review*, in the course of an article on Dr. Rajendralala Mitra's "Hermitage of Buddha Gya," makes the following remarks in allusion to the so-called restoration of the temple which was perpetarted by the King of Burma's emissaries. . It is needful that law should make it as binding on the civil authorities of an Indian district to prevent the destruction of history as to protect property. It was understood last year that Lord Lytton had such a bill *in petto*. We trust he will not delay its introduction. When the line of Railway to Kandahar is laid, the lines of our future Afghan policy must be pretty well laid also; but much experience shows that it is just in such matters as this of archæology (i. e., of the protection of historical records), that all depends on the ruler's feeling an exceptional interest in the subject. Lord Lytton does feel that interest; his successor may be indifferent. Mr. Sherring, in his *History of Benares*, tells us that the remains at Sarnath, where the fragment of a magnificent *stupa* still commemorates the spot where Sakya began to "turn the wheel of the Law," have contributed many cartloads of sculptured and other stones to the building of two bridges. A rock at the mouth of Singapore river, inscribed with ancient Indian characters, and well known as an object of historical interest ever since Raffles laid the foundation of the modern town, was blown up, some thirty or forty years ago, in defiance of remonstrance, because it stood in the way of some trumpery bungalow. And Mr. Rivett-Carnac last year brought to notice the growing danger to all ancient remains from the very fact of the spread of a kind of antiquarian taste, and the opening of the tourist market for curiosities. Nothing will meet these dangers, as well as the older and more brutal kinds of vandalism, but law.

THE *Examiner*, which may be regarded as an authority on Turkish affairs, says:—The news from Turkey leaves no doubt of the rapid approach of a serious crisis which will test to the utmost the statesmanship of Europe. M. Onou, the Russian Chargé d'Affaires in Constantinople, threatens to move the Embassy if satisfaction is not given for the murder of Colonel Commeraoff, by the execution of his assassin. There is little doubt the plea of insanity advanced on behalf of the murderer is simply a Palace device to shelter a ruffian who is a member of the private guard of the Sultan, and who probably counted on the protection of his master, and on gratifying that puny potentate by killing a giaour. But the muttered discontent among the people, due to the reduction in value of the washed-money currency, which has brought the agriculturist throughout almost the whole of Anatolia and Armenia to the condition of paupers, without seed for their land, or a market for their produce, must soon result in the general non-payment of taxes. Already there is no money for the soldiers and the officials, most of whom have not been paid anything for months, although from four to five thousand pounds a day is absorbed by Yildiz Kiosk, while the Sultan is running into debt headlong with every shopkeeper and merchant whom he can get to trust him. Sir Henry Layard's influence with the Porte is so small that he will probably hear with a feeling of relief of a resolve on the part of the new Government to recall him without delay. Osman Pasha, hero defence of Plevna promises to be unfortunate for Turkey as it was creditable to her arms is the master of the situation, and although he has not succeeded in his attempt to punish Fuad Pasha for the high crime and misdemeanour of daring to differ from him, he has evidently obtained such a hold on the Sultan that it will be difficult to get rid of him, while, until he is sent into respectable exile at Angora or Bagdad, there is no chance of any amelioration in the position.

Holloway's Pills.—Blood to the Head, with Symptoms of Apoplexy—Holloway's Pills are undeniably the finest medicine in the world for biliousness and indigestion. In all cases of deranged stomach, determination of blood to the head, biliousness, sick headache, liver complaints, which frequently end fatally, by producing apoplexy or paralysis, there is no medicine known that will give such immediate relief as these renowned Pills. Young and old, rich and poor, patronise them, and so many cures are effected by their use that their praise is sounded from the torrid to the frigid zone: in truth, persons who travel consider them a necessary requisite. Frequently the blood becomes overheated, the liver torpid, the skin irritated by prickly heat, and the whole system languid and exhausted. Nothing so soon gives relief as Holloway's Pills.

A VOLUNTEER'S COMPLAINT.

Hon. Member.

STATUARY EXTRAORDINARY.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Is it really true that you are going to have a group on each side of the entrance to your new offices? I have (as a worthy military friend of mine would remark) been credibly informed that on the right side there is to be a group of Sir Richard Temple, Mr. Maclean, and Mr. Glover crowned with laurel leaves, and "with wreathed smile" depicted on their countenances, courting the free and independent electors, this group is to be called "the three Graces" on the other side, the same worthy gentlemen are to be shown shaking the dust from their "harpy" feet and "like Niobe all tears" after the electors have refused them: this is to be called "the three Furies". If the story be true, I will subscribe Rs. 50.

MESSRS. FINLAY, SCOTT & CO.'S INSOLVENCY.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—The thanks of all lovers of justice and fair play are due to you, for the prompt manner in which you put before the public, the disparity of punishment to Messrs. Lang and Cunningham and their agent, Mr. Hormusjee Nowrojee Belgaumwalla, in so glaring a contrast. Further, there were many elements of doubt in favour of Belgaumwalla. Mr. Arbuthnot's evidence was unsupported. The evidence of Belgaumwalla and Dinnanath contradicted him directly. Mr. Arbuthnot said money was obtained from him under false representations. Belgaumwalla and Dinnanath said no representations were made —nor were they necessary. *Credit* was the only instrument Mr. Arbuthnot cared for. But says Justice Bayley, bank managers are incapable of fabricating lies. I always thought managers to be human beings, liable to be biassed by their interests in their view of things. I do not say that Mr. Arbuthnot perjured himself. He may have been straightforward and truthful throughout, but he may have been biassed all the same, or mistaken. But there was no testimony independent of Mr. Arbuthnot's to convict Belgaumwalla of perjury. On the contrary, appearances were in his favour. His evidence went directly against his interest. It was to his interest to have confirmed Mr. Arbuthnot. For then, the Bank of Bengal would not have opposed his passing through the Insolvent Court. It was Mr. Arbuthnot's interest *to have said* what he *did say*. Again, Belgaumwalla is indirectly supported by Mr. Lang, who said on oath that no instructions were given to misrepresent matters.

The case stands thus :—Belgaumwalla's statements were directly supported by Dinnanath and indirectly by Mr. Lang. It was against Belgaumwalla's interest *to have said* what he *did say*—which is in his favour. Mr. Arbuthnot's evidence is unsupported. It was to his interest *to have said*, what he *did say*—which is not in his favour. But Mr. Pigot said one Arbuthnot is equal to ten thousand Belgaumwallas. Evidently the judge took the same view. For with so many elements of doubt; the extenuating circumstances; and the glaring disparity it would make to seem, between the principals and agent notwithstanding, Belgaumwalla is punished with six months' imprisonment. The ways of Bombay justice are inscrutable!

April 28. FAIR PLAY.

THE LATE SCANDAL: DISMISSALS AND APPOINTMENTS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Being almost bewildered by the exuberant effusion of comments and strictures, made by the most erudite and experienced editors of the weekly journals, in a way typical at once of their independence of thought and fertility of brain, I fell into a trance and in a vision saw standing before me, a respectable gentleman, on the verge of forty, attired in European costume, but with a Parsee *khoku* on, an ivory stick in his hand and a pair of green spectacles guarding his eyes. The gentleman patted my shoulders, and taking up a newspaper that was lying by me, said to me: "The editor of these papers deserve great commendation and patronage; see, how, unwarped by party-feeling, they advocate what is just, fair, and true; certainly the native press is commendably independent." "You see," he added, "not one of these editors is under the influence or patronage of any of the members of the Municipal Corporation, and yet with one voice, they all eulogize the conduct of the truly disinterested members of the Corporation, in proposing the dismissal of Mr. Walton, for one isolated instance of error of judgment and consequent ostensible neglect of duty on his part, during his *very short* connection of *twelve* years with our Municipality; and expose the unprincipled action of the European members, who were in favour of Mr. Walton. They even comment on those members, who either on account of their multifarious engagements or in consequence of illness, could not attend the meetings of the Corporation. Why," quoth he, "our Government and the Secretary of State for India, have officially recognized the services of the opponents of Mr. Walton." The gentleman then took out from his pocket a copy of the *Government Gazette* and read as follows :—

"GOVERNMENT NOTIFICATION.

"His Excellency the Right Honorable the Governor in Council cannot but regard in high estimation the excellent speeches of the Parsee statesmen, especially those of Mr Kapadia and Dr. Cowasjee in regard to the conduct of Mr. Walton. His Excellency has duly telegraphed these speeches to the Secretary of State for India, who has lost no time in telegraphing back a despatch to the Bombay Government, inflicting due punishment on the friends of Mr. Walton and the members who excited themselves from the meetings of the Municipal Corporation. His Excellency trusts, that on future occasions, all the European and other members of the Corporation, will invariably concur in the views expressed by the native press generally, and in particular by the *Indian Spectator*, and will blindly follow Messrs. Mehta and Company in any Municipal matter that comes before them. The following despatch from the Secretary of State for India is published for general information :—

"To His Excellency the Right Honourable the Governor of Bombay in Council.

"On receiving by telegram the report of the debate in the Bombay Municipal Corporation for six days in regard to the conduct of Mr. R. Walton, Engineer, I was exceedingly pleased to see that the Parsee subjects of her Majesty the Empress of India are clever and shrewd statesmen. But at the same time I was extremely grieved to find that the European members of the Municipal Corporation of Bombay should not have joined their Parsee colleagues in voting the dismissal of Mr. Walton, although all knowledge of Justice the English nation at present possesses is *in toto* derived from the Parsees, when they emigrated to India some eight centuries since. It is, therefore, necessary that such of the European members of the Municipal Corporation of Bombay, as are in Government service, should be punished with instantaneous dismissal, and those native members who have been honored with high social titles of distinction, but who either absented themselves from the meetings of the said Corporation or supported Mr. Walton should be immediately deprived of such titles, so that such punishment will effectually prevent in future any member of the said Corporation from committing any such offence. I also direct that the posts and titles that will thus become vacant be conferred by your Excellency's Government on the editor of the *Indian Spectator*, and on such of the Parsee members of the Municipal Corporation of Bombay, as have displayed marvellous independence of judgment and opinion. 20th April 1880. Shedrak."

"In accordance with the above instructions, His Excellency the Right Honourable the Governor of Bombay in Council orders that the following dismissals and appointments be made from this date :—

THE PROPOSED CENTRAL ASIAN RAILWAY.

(FORM THE PRESS COMMISSIONER).

IT was stated in the *Russian Turkistan Gazette* No. 26 of 3rd—15th July 1879—that the members of the "Samara Expedition," charged with the final exploration of the best route for the Central Asian Railway Line, were one by one arriving at Tashkend. It was stated as having been decided that the future Railway would follow a direct route from Turkistan (town) to Tashkend avoiding Chimkend and the hills in its vicinity. The *Russian Turkistan Gazette*, No. 47 of 11th—23rd December 1879—states that among the St. Petersburgh financial circles, connected with railway enterprise, there is a talk about a scheme said to have been submitted to the Russian Government regarding an immediate construction of the much discussed "Orenburg-Tashkend Railway Line," with an extension of the same *via* Samarkhand, to the extreme limit of Russian territory in the direction of India. The entire length of this line, inclusive of the frontier branch, is projected to cover 2,650 versts, or about 1,755 English miles of ground. The principal features of the scheme, as published by the *Novoe Vrmie*, are as follows :—

The contractors will establish a bank to be named "the Russian Railway Bank." The founders of this institution will undertake its establishment and working, as well as the construction of the "Orenburg-Tashkend line," with its aforesaid extension. The concession for the line is to remain in force for 33 years and 6 months, viz., 6 months for the organization of the undertaking, 4 years for the building of the line, and 29 years for the working of the same, after which the line with all its rolling stock, &c., becomes State property, the Government at the same time taking possession of the bank and its capital, together with the balance of the capitalization expected to represent a sum of about 7 million roubles.

The line will be constructed according to the rules and conditions relating to railway enterprise, as sanctioned by the Imperial Ministry of ways and communications, and also under its supervision and control. The future working of the line will be watched by a Government inspector. The capital for the building of the line has been fixed at 174,050,000 paper roubles, and its extreme length as explained above at 2,650 versts. The cost of the building will be 65,679½ paper roubles per verst (about two-thirds of a mile). The bank will have the right of issuing its own notes, 10 and 100 rouble pieces, to the amount of 190 million paper roubles, bearing interest at 4 per cent per annum on their nominal value; these notes will have to be redeemed within a period of 33 years. The bank may invite public subscriptions both throughout the Russian Empire and abroad, in order to effect the issue of its notes, and the general management of the affairs of the bank, will be in the hands of a board of directors, composed of its founders, who will elect a president from amongst themselves. On members retiring from the board the financial minister will sanction the appointment of others in their room, taking care that their number will never fall below six. The daily business of the bank will be placed in the hands of a manager appointed by the board of directors, who have also the power of removing him from his post. The manager will be the Secretary to the board of directors, and by virtue of his office will invariably be the president of the bank's immediate council, to be composed of three directors. One of these directors will be nominated by the financial minister, while the remaining two are appointed, and may be removed, by the board of directors.

THE PARSEE GIRLS' SCHOOL ASSOCIATION'S SCHOOLS.

THE annual meeting of the friends and supporters of the Association's schools, for the distribution of prizes and schoolarships, was held yesterday at the Framjee Cowasjee Institute—a place far better adapted for the purposes of an exhibition, and for the convenience and comfort of visitors and of the girls than the dingy-looking, dusty school premises in Cowasjee Patel Street, where similar meetings used to be held in former years. A large gathering of the friends and well-wishers of the schools afforded a cheering proof of the growing interest felt in the Parsee community in the progress of female education. Mr. Framjee Nusserwanjee Patel, a venerable Parsee patriarch who has shown a warm personal interest in the success of the schools for the last quarter of a century, presided; and some of the leading gentlemen and others of the Zorosastrian race were present. Parsee ladies of rank and affluence lent to the proceedings by their presence a charm peculiarly their own, while the gay, if gaudy, dresses of the children, their smiling comely faces, their intelligent, bashful glances, their subdued, yet cheerful chatter helped to present a picture, the vividness of which could not be easily forgotten.

Yesterday's was the twenty-second annual convocation for the distribution of prizes and scholarships. Originating in the disinterested exertions of a few zealous members of the Students' Literary and Scientific Society, under the tutelary care of Professors Patton and Reid, so far back as October 1849, these schools were for some time conducted with the pecuniary assistance given by four generous Parsee gentlemen who have never up to this time allowed their names to be made known. The leaders of the Students' Society did not rest contented with the pecuniary aid abovementioned, but worked zealously to promote the cause they had at heart and succeeded in collecting sufficient funds for the maintenance of the schools on a somewhat independent footing. Among those early friends of native female education were Sir Erskine Perry, Chief Justice, Lord Falkland, then Governor of Bombay, the Hon'ble Messrs. Willoughby and Blane, Members of Council, Sir William Yardley, Puisne Judge, Supreme Court, Sir Jamsetjee Jejeebhoy, first Baronet, Jugonnath Sunkersett, Framjee Cowasjee, whose honoured name is borne by the institute where the exhibition was held yesterday, and others. With such support, the Students' Society carried on the work of the schools until the year 1856, when their funds ran low and it was found impracticable to maintain the efficiency of the schools. The Parsee community had by this time awakened to the advantages of female education, and some of the leading members thereof offered to relieve the Society of the responsibility of further conducting the schools. The announcements may be in English or in any of the Native Languages.

The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.

Insurance Companies, Shipping Companies, Hotel-keepers, Merchants, Traders, and others who wish to force their business on the notice of the Public, all alike value the privilege of Railway Station Advertising.

There is no reason why the privilege should not be also specially valuable to Advertisers in India. Looking to the great and increasing number of Native Railway Passengers on the two trunk lines of Western India, native merchants, traders, &c., seeing that they have the privilege of advertising in their own language, would find the publication of their announcement at Railway Stations a decided means of extending their business

And as nearly All Travellers arriving in India now land at Bombay, and proceed by the G. I. P. or B. B. and C. I. Railways to their destinations, placards exhibited at the different stations on those lines are every day becoming more and more valuable as means of bringing the Advertiser's business to the notice of the Public.

Advertisers can select the Stations, on either line, at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely moderate scale to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the Public.

Placards, according to the taste of Advertisers, may be printed at the "Bombay Gazette" Press.

REV. D. DAVIES, Sunny-place, Ponthir, Mon., writes, Nov. 24th, 1879 : "Having suffered a most severe shock of the nervous system, through the very sudden death of my beloved wife, I was very much afraid that I would not be able to study and preach for many months. In this critical crisis, a friend advised me to procure 'Cobden's Quinine and Phosphorus Pills.' I am pleased to inform you that, after taking a few doses, I felt increased vigour of mind and body, and in a month was able to resume all my pastoral duties, and have continued to labour without intermission. As a remedy for nervous exhaustion, I consider 'Cobden's Pills' incomparable. I have given them to many who have been victims to neuralgia Pains, nervous indigestion, giddiness in the head, &c, and in all cases they have proved a perfect cure."

REV. T. C. HOSE, Rector of Roydon, Diss, writes, Nov. 22nd, 1879 : "I gave the Cobden Quinine and Phosphorus Pills you sent me to the daughter of a parishioner who suffered intensely from Neuralgia, and she took them according to directions, and declares herself cured. This is not the only instance I have noticed their wonderful effects for the alleviation and, in fact, cure of this distressing complaint.

REV. JOHN SHEPPARD, of Milton, Kent, writes : "My nerves were so shattered that I dreaded the simplest duties, and lost all energy and pleasure in the performance of them. The despondency I endured became almost unbearable. Since taking 'Cobden's Pills,' the change to my health for the better is very marked. I have lost that horrible depression, my nerves are much stronger, and my general health very greatly improved. I cannot express how truly thankful I feel for the remarkable and pleasing change.
